

HAUNTED WINE TOUR AUDITION READING: ANGRY GHOST

[There is a final, angry yell and the lights suddenly shut out. The mortician yells in fear, or maybe something worse, and then the guide turns on a flashlight. Panning it around the room the audience sees that the mortician is now gone. The flashlight rests on the angry ghost, glaring at them still from the end of a row.]

Show us your best ghost glare and angry yell!
